**NJ FEDERATION OF DOG CLUBS**  
**Guidelines for Responsible Breeders**

(Adopted June 2, 1992)

*The following "Guidelines for Responsible Breeders" were adopted by the delegates to the New Jersey Federation of Dog Clubs on June 2, 1992. Applicants who wish to be included in the Pure Breed Resource, Rescue and Canine Service Directory indicate by signing the application that they are in agreement with the Guidelines and will abide by them.*

1. All dogs shall be kept under sanitary conditions and shall be given maximum health protection through regular inoculations and proper nutrition. Dogs shall be restrained within safe restrictions when the breeder/owner cannot personally supervise their safety.
2. All breeders shall keep accurate and complete personal records of breedings, litters, pedigrees and puppy owners' names as required by the American Kennel Club.
3. All puppies leaving the breeder's possession shall be a minimum of eight (8) weeks of age, except in those breeds where a twelve (12) week age is generally accepted.
4. All breeders of purebred dogs shall breed to conform to the standard for their breed as set by the parent breed club, and approved by the American Kennel Club, and only from quality, healthy stock. Breeders will screen for inherited diseases as known in their breed.
5. Breeders shall provide the puppy buyer with written details of feeding, general care, dates and types of inoculations and wormings, grooming instruction, etc., and be available to offer future advice as needed.
6. Breeders will not sell or consign puppies or adult dogs to pet stores, puppy brokers or other commercial dealers.
7. All puppies will be sold with written contracts appropriate for show/breeding quality or pet quality specifications, guarantees and restrictions. The contract will ensure that the breeder will be contacted whenever an owner can no longer keep a dog at any time in the dog's life, and it will be the obligation of the breeder to assist in the placement or disposition of the dog. Puppy purchasers should be urged to spay or neuter all pet quality puppies.
8. Dogs and bitches will not be bred before or after such age as is customary for their breed as outlined by the Parent Club and/or AKC guidelines. The breeder will allow proper, healthful spacing between litters.
9. Breeders will permit stud service only to quality, healthy bitches, appropriately screened for inherited diseases/disorders, owned by the individuals who give satisfactory evidence that they will give these puppies proper care and attention and who are in agreement with these and the Parent Club guidelines for responsible breeders.
10. Prospective buyers should be screened as thoroughly as possible to determine their desire and ultimate intent for each puppy or dog, and also for their interest and ability to provide a safe, adequate and loving home for each puppy or dog acquired.
11. Breeders will not dispose of any puppy or adult dog bred or owned by them in shelters or pounds.

# HELP US ROLL OUT HELP AKC PET DISASTER RELIEF

**AKC Pet Disaster Relief provides a safe, healthy environment for animals during disasters.**

Your support of AKC Pet Disaster Relief will:

- Provide animal care services during the first critical hours following a disaster... the time before FEMA support and services are deployed.
- Put an end to post-disaster tragedies which have historically affected pet owners, such as: putting themselves in harm's way to save a beloved pet, or even losing a family pet during a disaster.

*"I'm relieved, I don't care about the house, I don't care about anything else now. We're okay. We're all alive. We have our family, our dog, we're going to be okay."*

# AKC Pet Disaster Relief Donation Form

Thank you for your interest in the AKC Pet Disaster Relief program! We are proud to be rolling out disaster assistance to communities throughout the country. With support from individuals like you and the organizations with which you are affiliated, many families' pets will receive shelter and care during disasters.

Each Pet Disaster Relief trailer will be stocked with essential, non-perishable necessities for sheltering pets. The supplies can then be used to create a safe, temporary home-base for displaced animals during a disaster and its aftermath.

While new laws require that municipalities include pets in their disaster preparedness planning, most communities don't have the funds readily available to create their own solutions. That is why you are critical to the success of this

program — your participation will help us raise the \$22,000 necessary to purchase, configure and fill each trailer. The trailers then will be donated to emergency management organizations that will ensure that animals are cared for when they need it most.

We are grateful for your donation and support of this important cause. You can contribute online at [www.akcreunite.org/givingback](http://www.akcreunite.org/givingback), by phone 919-816-3980, or mail a check, made payable to AKC Reunite, to:
